### Digital Learning Strategies: How Do I Assign and Assess 21st Century Work?

Michael Fisher

Digital tools bring an entirely new menu of tasks into the classroom. Michael Fisher outfits you for this new world by opening your thinking to new possibilities for teaching and engaging 21st century students. He provides six steps for evaluating when it's appropriate to assign digital work, ten examples of how digital tools can improve instructional practice, and the primary factors to consider for the assessment of digital work.

### Ditch the Daily Lesson Plan: How Do I Plan for Meaningful Student Learning?

Michael Fisher

In this engaging guide, curriculum expert Michael Fisher outfits you with fresh and provocative ideas on how to "ditch" the daily lesson plan while advancing student learning. Discover how to plan smarter by combining existing lesson plans into learning checkpoints with emphasis on building background knowledge and formative assessment, transforming existing curriculum maps into deep learning experiences, and developing new open learning plans that align standards, skills, and assessments in a more efficient and student-centered way.
